

Papier-Mettler outstanding print quality for Flexo4all Drupa maps

25/04/2008 13:12:58

To make it easier for visitors to walk around Drupa 2008 and find the most relevant booths for their business, Flexo4all, a strategic alliance between nineteen leading flexo suppliers born to promote the advantages of flexography in the packaging printing industry, designed a Flexo Tour Map, a real guided tour to accompany people to the Flexo4all partners' stands spread out into the amazing number of halls of Drupa fairground.

To make it easier for visitors to walk around Drupa 2008 and find the most relevant booths for their business, Flexo4all, a strategic alliance between nineteen leading flexo suppliers born to promote the advantages of flexography in the packaging printing industry, designed a Flexo Tour Map, a real guided tour to accompany people to the Flexo4all partners' stands spread out into the amazing number of halls of Drupa fairground.

The agency in charge to design the map, found in Papier Mettler the perfect company for printing the Flexo Tour Map. Papier-Mettler is the leading and largest manufacturer of paper and plastic carrier bags in Europe, and in addition they also offer one of the most comprehensive range of packaging solutions made of paper and plastic.

With more than 1500 experienced employees across Europe, Papier-Mettler is able to provide the optimum solution to their customers' requirements. With over 50 years experience in supplying leading retailers, Papier-Mettler is able to offer the most comprehensive range of environmentally-friendly paper and plastic carrier bags and has the largest production capacity in Europe.

By continuously investing in their business Papier-Mettler is up-to-date with the latest manufacturing technology and can adapt to the current market to meet the most challenging customer's requests.
